

Field Day

With the Howell County Soil and Water Conservation District and Natural Resources Conservation Service.

Come join us for a Field Day at Dan Corman's, where we will look at his grazing system and find out why and how it works for him. We will be looking at cross-fencing, watering system, and forages.

When: Friday May 7th at 5:00 p.m. until roughly 7:00 p.m.

Where: Dan Corman's Farm off of CR 2320 North of West Plains

The Howell County Soil and Water Conservation District will be serving sandwiches afterwards.

There is no cost to attend this event.

Brought to you by the Howell County Soil and Water Conservation District, University of Missouri Extension, and Natural Resources Conservation Service.
